AWS DEVOPS ENGINEER | KUBERNETES (EKS) | TERRAFORM | CI/CD | PLATFORM ENGINEERING

PROFESSIONAL SUMMARY

- AWS DevOps Engineer with **10+ years of IT experience** and **6+ years in AWS Cloud**, specializing in Kubernetes (EKS), Terraform, CI/CD automation, observability, and cloud security. Experienced in supporting enterprise-scale platforms, automating infrastructure provisioning, implementing DevSecOps practices, and improving platform reliability. Currently supporting HP Inc.'s cloud-native platform, with a focus on Platform Engineering.

- **TECHNICAL SKILLS**
- **Cloud:** AWS (EC2, VPC, IAM, ALB, Route53, Security Groups, CloudWatch, KMS, WAF, PrivateLink)
- **Containers & Platform:** Kubernetes, Amazon EKS, Helm, Docker, Karpenter, NGINX Ingress, IRSA, OIDC, Harbor
- **Infrastructure as Code:** Terraform, Terragrunt
- **CI/CD:** Azure DevOps, Jenkins, GitHub Actions, Git
- **Observability:** Prometheus, Grafana, CloudWatch, Alerting
- **Security:** IAM, KMS, WAF, SonarQube, Container Image Scanning
- **OS & Scripting:** Linux, Bash

PROFESSIONAL EXPERIENCE

AWS DevOps Engineer | Capgemini Technology Services India Ltd. — Feb 2026 – Present *Client: HP Inc. (Apr 2026 – Present)*

- Support AWS infrastructure and enterprise **Kubernetes (EKS)** operations, including deployment validation, ingress verification, and production troubleshooting.
- Implemented an **NGINX HTTP sidecar** enabling ALB target group integration and HTTPS communication.
- Contributed to **Karpenter migration readiness**: EKS validation, IAM review, OIDC verification, IRSA assessment, and dependency analysis.
- Support **Terraform/Terragrunt** deployments and environment configuration management; implemented **Prometheus/Grafana** monitoring and alerting.
- Work with Azure DevOps Pipelines, Harbor Registry, Git, and Jira in Agile delivery with development, QA, and platform teams.

AWS DevOps Engineer | Techcamgateway — Aug 2020 – Feb 2026

- Built and maintained **CI/CD pipelines** using Jenkins and GitHub Actions, automating build, validation, and deployment.
- Automated AWS provisioning with **Terraform** and developed reusable infrastructure templates for standardized deployments.
- Managed production **Amazon EKS** workloads, including cluster administration, upgrades, and troubleshooting.
- Implemented **DevSecOps** controls (SonarQube, container image scanning) and **Zero-Trust** security using IAM, KMS, WAF, Security Groups, and PrivateLink.
- Built **Prometheus/Grafana** observability dashboards and contributed to AWS cost optimization (FinOps) and platform reliability initiatives.

Cloud Support Operations Engineer | Deluxe Entertainment Services India Pvt. Ltd. — Apr 2019 – Jul 2020

- Supported AWS production infrastructure; handled incident management, root-cause analysis, monitoring, and Linux administration.

Linux System Administrator | TeamLease Services Ltd. (Client: YOU Broadband) — Feb 2016 – Aug 2018

- Administered Linux servers (DNS, DHCP, SSH, user management, patching) and automated routine tasks with **Bash** scripting.

EDUCATION

- **B.E.,Electronics & Communication Engineering** — VTU, Belgaum | Jul 2015
- **Diploma, Electronics & Communication Engineering** — DTE, Bangalore | Jan 2010
- **CERTIFICATIONS & LEARNING:** In Progress: CKA, Azure DevOps Fundamentals, Claude Certified Developer – Foundations. **Languages:** English, Hindi, Kannada, Marathi, Lambani.
